Dear Hereford Friends,
Welcome to the 2014 Breeders Cup, a premier Hereford event recognized by progressive breeders from all parts of North America. This year's offering just may be our strongest yet and we think you will agree. The quality is superb, pedigrees mainstream and the cattle are performance and data documented.

Each seller takes pride in offering the best available and presenting them in the proper fashion. We are seeing profits and success stories from our past sales and feel confident this set of cattle will offer the same opportunities. The cattle industry demands quality and performance and the marketplace rewards it. This is such a good time in the beef cattle industry and our producers are finally reaping the rewards they deserve.

As seedstock producers, you owe it to yourselves to continually strive to improve and enhance your position in this competitive industry. Please be with us and take advantage of the opportunities offered. Regardless of your criteria, you will find it here.

Thanks to all of the Boyd family for their continued support of our industry and its youth. We appreciate them once again hosting this event and look forward to seeing all of you.

Respectfully,
Dale Stith

- A fitting female for Lot 1. She is a pure cow prospect and the type we all need more of. She is deep, soggy, complete and has that all-important easy doing trait. Her dam is as good as we have and produced our \$55,000 Accelerated Genetics sire, Boyd Legacy 3001, as her last natural calf. This lady will be a great breeding piece.

- This is a power performance daughter of the ever so popular Denver champion, About Time, and the full sister to Revolution 4R. She is stylish, long-fronted and genetically superior. She will produce show heifers and low birth weight bulls. She herself was the 2013 Junior National Senior Champion Bred-and-Owned Female.
- Due to calve in mid-August to Boyd Powerhouse 2028, our Mr. Hereford son, which we co-own with Mohican Polled Herefords.

 • 3070 is one stout-built, deep and wide breeding tool. She has so much power genetically on both sides of her pedigree that she is a can't miss prospect. To add to her value, she comes with big red eyes, is conservatively marked and loaded with style.

- J177 is short marked, stylish and very attractive. This is a female we really like. She has a tremendous amount of mass yet is very feminine up through her head and neck like her momma, Margarita 819. Yet another female with a ton of cow power in her pedigree, along with three Sires of Distinction.
- Sells open, ready to breed. OCV

- J184 is a deep ribbed, high volume female with good pigment and a very maternal look. These 048 heifers have a very broody appearance. Of course, she is sired by Shrek and his dam is the great Detweiler cow, Victoria 112, so why wouldn't they make cows? In addition, I still believe 184's dam is one of the best cows we have ever owned. Top cow prospect.

Lot 69 — ASM 308 100W Miss Adair 429BET

KSU Miss 6052F 308 ET — Dam of Lot 69

- 308 gave us a wonderful set of Trust calves so we are able to share. Some pretty powerful cows back this lady on both sides of her pedigree. Dark red and fully pigmented with tremendous eye appeal and cow potential. The Trust daughters in production are awesome. This lady can't miss.

Terms: Cash. Each animal sold to the highest bidder. The auctioneer shall settle any dispute as to bids. All cattle are to be paid for by purchasers during or immediately after the sale and will not be released until settlement has been made, unless other arrangements have been made in advance. No cattle will be transferred until paid for in full.

Guarantee: All cattle will sell under the terms and guarantees recommended by the American Hereford Association.

Liability: Each animal will be at the purchaser's risk immediately after the animal is sold. They will be fed and cared for, free of charge, for a reasonable length of time after the sale, but at the purchaser's risk. Cattle must be paid for before they leave the farm. All persons who attend the sale do so at their own risk. Boyd Beef Cattle assumes no liability, legal or otherwise, for any accidents that may occur.

Announcements: Sale day announcements take precedence over printed matter in the book. We reserve the right to withdraw any sale lot not meeting our specifications prior to sale time. EPDs in the book are from Fall 2014 analysis.

Trucking:

Henry Stockdale 931-626-6080

Insurance:

Insurance will be available through Harding and Harding Agent Jerry Gay.

Air Travel:

Both Lexington and Cincinnati are served by most major airlines. We are approximately 70 minutes from either airport. We are also served by the Mason-Fleming Airport 10 miles from the farm. From Cincinnati, take 275 to Kentucky, exit onto Hwy. 9 (AA) to Maysville.

Health: Every female born at Boyd Beef Cattle has been calfhooed vaccinated for Brucellosis. In addition, each female is vaccinated annually, after calving and prior to breeding with IBR, BVD, P13, 4-way Lepto and Vibrio. They are wormed and poured for grubs each fall. All calves are vaccinated for Blackleg, Pasturella and Malignant Edema. All cattle selling will have interstate health charts required for shipping into other sections of the United States. Boyd Beef Cattle is Certified Brucellosis Free Herd #549 and Accredited Tuberculosis Free Herd #04B163.

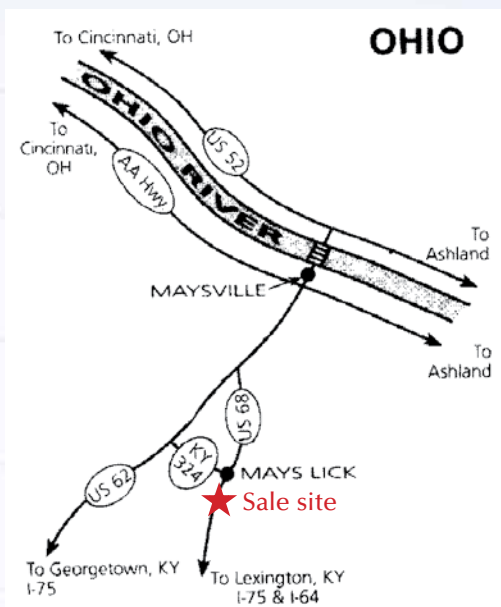

Registration Certificates: Registration Certificates will be transferred to the buyer at the seller's expense. Each buyer must be sure to give the clerk his proper name and address for making transfers. All calves born before the sale will be registered by the sellers. Information will be provided by the seller for the buyer to register unborn calves.

AI Certificates: There will not be any certificates provided on bulls not owned by the seller for females selling bred AI.

Bids: If you would like to place a bid on any lot but will not be able to be with us, we would be happy to handle mail or phone bids for you. Please direct to the owner, auctioneer or any of the sale staff.
